

GERMANY AND CHINA.

The Emperor William Has Been Unusually Talkative.

His Indignation Against China as Strong as Ever—He Is Seriously Hampering Germany—Another Large Body of Troops to Move.

(Copyright, 1900, the Associated Press.) Berlin, Aug. 4.—Emperor William this week has been unusually talkative, especially during the embarkation of the Chinese troops. Besides delivering a regular sermon to a large body of departing troops aboard ship, promising, from a passage in the second book of Moses about the struggle between the Israelites and the Amalekites, that so long as the troops and those remaining at home prayed hard for success against the Chinese victory would be theirs.

WORKINGMEN DECORATED. The Emperor also, yesterday evening, addressed a number of Lloyd workmen. The Lokal Anzeiger states that the Emperor decorated them personally, aided by his officers, attaching medals to the workmen's breasts, thanking them that by faithfully remaining at their posts, in spite of the strike of the low workers, the timely embarkation of troops had been made possible. Next the Emperor severely condemned strikers and those responsible for lockouts in Hamburg and elsewhere for leaving the Fatherland in the lurch in such critical times.

INDIGNATION AGAINST CHINA. Besides these talks, a number of the Emperor's utterances, made privately this week at Bremerhaven, have become known, all showing that his indignation against the Chinese is still strong as ever.

In official circles here it is stated that there is a strong divergence on the subject of the policy regarding China between the Emperor and the Minister of Foreign Affairs, Count von Buelow, the latter being aware that Germany's aim at obtaining suitable satisfaction in China are seriously hampered by the Emperor's impulsive utterances. It is further stated that hot words have already passed between the Emperor and Count von Buelow on that subject.

CHINESE THIRD-HAND ADVANCES. The Associated Press correspondent here understands that before an advance upon Peking was definitely decided upon the Powers concluded that hereafter they would not consider the Chinese third-hand advances, because it has now been ascertained that the Chinese Government is not willing to allow the legations to freely communicate with their home governments. The conclusion was also reached unanimously by the Powers that Li Hung Chang was playing false, his main object being to retard or frustrate the advance on Peking by various ruses, of which Chinese statecraft is always a master.

MORE TROOPS FOR CHINA. Indications increase that Germany is preparing to send a large body of troops for China. The latest news on this point has been given by the Frankfurt Zeitung, saying that despite the absence of official admission of the fact, it is certain that three other large steamers of the North German Lloyd have been chartered for September, and that in the Cabinet an order is impending for the formation of a corps of 10,000 men. Opposition papers criticize this because the Reichstag has not been asked to sanction the step, and point out that another heavy army increase will be asked at the fall session of the Reichstag for the organization of a colonial reserve army.

THE BRIGHTON CUP WON BY ETHELBERT AMIDST WILDEST ENTHUSIASM.

(By Telegraph to Virginian-Pilot.) New York, Aug. 4.—Ethelbert held at 1 to 2 in the betting, won the Brighton Cup at 2 1/2 miles at Brighton Beach today, a scant length from the black whirling Imp in the fast time of 3:49 1-5. Sidney Lucas, the American Derby winner, was a bad third, ten lengths away and eight lengths before the tired Herbert, who brought up the rear.

Finney McClurg and Prince of Melbourne, the Realization winner, declined the issue, leaving four to go. Ethelbert was made favorite at odds on, while a heavy play of Sidney Lucas cut his price from 4 to 3 to 1. The casual race-goers, their \$5 and \$10 on Imp at 8 to 1, but Herbert had few followers. The starter caught them in line at the first break. Imp was on the rail and Jenkins took her out to make the running. Down past the grand stand they came the first time with Imp loping in front two lengths before Ethelbert, Herbert and Sidney Lucas were two lengths apart. The pace was fast, Imp taking her field to the half in 50 1-5. She gradually increased her advantage and, when the race was over, she was six lengths before Ethelbert, and moving along in that even machine-like stride for which she is famous. Herbert was four lengths behind Ethelbert while Sidney Lucas still brought up in the rear.

The first mile was covered in 1:41 2-5, with the horses in relatively the same position. Down past the grand stand they came for the second time, and still Imp was galloping along easily in front. Going up the back stretch the second time the same order was maintained, and backers of the favorite began to wonder when Spencer was going to let Ethelbert down. Imp was going along easily six lengths in front, maintaining the same fast pace. Nearing the far turn Spencer let out a wrap on Ethelbert and from six lengths Imp's lead was gradually cut to five lengths, then four lengths, and crossing the far turn to only two lengths. Eight lengths back Bullman was hard at work on Sidney Lucas. He passed Herbert, but was already beaten as far as the two leaders were concerned. The two-mile mark was reached in 3:22, the second mile having been covered in 1:41. Imp was still in front, but as they rounded into the stretch Ethelbert took command and Spencer, without use of a whip or spur, brought him home a clever winner amidst the wildest enthusiasm. Imp hung on gamely under punishment and, when a scant length away, beaten, but not disgraced, while Lucas staggered in ten lengths back. Summary:

First Race—One and One-eighth Miles: Rare Prefume (1 to 2), and Sir Fitzhugh (5 to 1 and even), ran a dead heat; Yoloco (10 to 1), third. Time, 1:54 2-5.

Run Off—Sir Fitzhugh (3 to 5), won; Rare Prefume (13 to 10 and out) second. Time, 1:55 1-5.

Second Race—Five Furlongs: Kenil-

worth (7 to 5), won; King Pepper (9 to 20 and out), second; Belvino (20 to 1), third. Time, 1:01.

Third Race—Six Furlongs: Muzette (7 to 5), won; Smoke (13 to 5 and even), second; Cyranos (6 to 1), third. Time, 1:12 1-5.

Fourth Race—(Brighton Cup) Two and One-quarter Miles: Ethelbert (1 to 2), won; Imp (8 to 1 and 8 to 5), second; Sidney Lucas (3 to 1), third. Time, 3:49 1-5.

Fifth Race—(The Electric Handicap) Six Furlongs: Tower of Candles (7 to 10), won; All Saints (9 to 5 and out), second; Marlborough (10 to 1), third. Time, 1:13 2-5.

Sixth Race—(Selling) One Mile: The Chamberlain (even), won; Prestidigitator (3 to 1 and 4 to 5), second; Mid Wood (5 to 1), third. Time, 1:41.

DR. WHARTON ARRESTED.

CHARGED WITH OBTAINING MONEY UNDER FALSE PRETEXTS.

(By Telegraph to Virginian-Pilot.) New York, Aug. 4.—Rev. Henry M. Wharton, D. D., of Baltimore, was placed under arrest at Ocean City, N. J., to-day. Dr. Wharton is charged by Miss Somers, of Ocean City, with obtaining money under false pretenses. Dr. Wharton came to Ocean Grove at the close of the Spanish-American war and agitated a home for the orphan children. Miss Somers, it is said, offered a home for the purpose. The house was to be put in trust, but it is alleged that Dr. Wharton secretly had the property placed in his own name. Miss Somers claims she signed the agreement without taking the precaution of reading the papers. It is further alleged that in Virginia Dr. Wharton borrowed \$5,000 on the property, but at his request the mortgage was never recorded. Later, it is claimed, he borrowed a further sum of \$3,000 from A. W. Cooper, of Baltimore, using the property to effect it.

Baltimore, Md., Aug. 4.—Rev. Dr. Wharton led a strenuous life in Baltimore. Coming here from Virginia in 1881 he assumed the pastorate of a small Baptist Church on Lee street, this city, which he presently gave up to embark in the publication business. Meanwhile Dr. Wharton was engaged in street evangelism work among the fallen women and degraded men of the city, and formed many projects for their reform and for the amelioration of the condition of the children of the streets and of the slums. Of these most famous is the "Widow's Mission" for children. Dr. Wharton's native State, Virginia, a few years ago he organized the Brantley Mission Baptist Church. Of this Dr. Wharton remained pastor until about a year ago, when he suddenly resigned and left the city. It was freely intimated at the time that his departure was largely due to financial troubles, but no suggestions of dishonesty were made against him here.

The Battleship Alabama.

(By Telegraph to Virginian-Pilot.) Washington, Aug. 4.—Acting Secretary Hackett was appointed a board, consisting of Admiral Rodgers, Captain Evans, Commanders Hemphill and Roelker, Constructor Knapp and Lieutenant-Commanders Vreeland and Henderson, to conduct the speed trial of the battleship Alabama. The board is to meet at the New York navy yard on Thursday morning, the 16th instant, and again in Boston on the 19th instant. The trial is to take place over the measured course from Cape Ann to Cape Porpoise, two runs being made.

Georgia Wants Restricted Franchise.

(By Telegraph to Virginian-Pilot.) Atlanta, Ga., Aug. 4.—Owing to the result of the recent election in North Carolina, in which white supremacy was enacted on the State, Representative Herdwick will introduce into the next session of the Georgia Legislature a bill providing for a constitutional amendment similar in form and provisions as that adopted in the Old North State.

The Collier Southey.

(By Telegraph to Virginian-Pilot.) Washington, Aug. 4.—The Collier Southey, now at the Norfolk navy yard, probably will soon be placed in commission. The ship is being made as to her condition. She has not been in service since she was on the naval register during the Spanish war. The Southey has a capacity of 3,000 tons and carries two three-pounders. She is destined for service on the China station.

MIRACLE OF THE MONSOON.

(London Daily Mail.) Scientists tell you that the monsoon is a wind current which, rising among the mountains of the monsoon in the heart of Africa, below the equator, crosses the Indian ocean in increasing force, gathering rainclouds as it goes. It strikes the toe of India and there splits in two. The larger section travels along the western coast, watering Malabar and Mysore, Bombay and Guzerat and Central India; the smaller section sweeps up the Bay of Bengal and through the Valley of the Ganges and other large rivers. On the borders of the Punjab the two currents reunite and finally lose themselves in a drizzle and mist along the valleys of the Himalayas or in the rugged passes of Afghanistan.

The monsoon of its appearance may dawn brightly. The air is hot, heavy, as it has been for weeks past. In spite of thunderstorms the level stretches between the hills, where the palm groves and pepper gardens are, remain bare, brown soil.

That is in the morning. At noon a mutter of thunder is heard to the southwest. A wall of dark cloud rises above the horizon. Quickly it turns into a cave of purple gloom, where lightning play and thunders growl louder and louder. The sea grows gray and huris with wild rage its sorrowful waters on reef and shore. A wind springs up—a gracious breeze, soft, damp, and, oh, so refreshing! After the wind comes the rain, a gray curtain of blending waters.

In that one hour the seasons have changed utterly and completely. The hot weather is dead, with its sleepless nights and its tortures of prickly heat. The rainy blessed cool rainy season has begun.

Now, behold the greatest miracle within the space of a day; the bare earth is clothed in verdure—a gossamer garment on the first day; the second day the texture is closer and thicker, and on the third the whole landscape is a vista of fairest green. Every wall, aye, and every stone, becomes a clump of maidenhair.

In the Police Court.

Roland Hinton and W. H. Dawson, both colored, were fined \$6 each in the Police Court yesterday for cruelty to animals.

James Taylor was fined \$6 for assaulting Blanche Butts.

Isaac Ballard, charged with assault, was fined \$6.

ROCKBRIDGE ALUM SPRINGS.

THE GAY SEASON AT ITS HEIGHT.

Rockbridge Alum Springs, Va., Aug. 4.—Just now the season is at its height. Card parties, Germans, lawn fetes, coaching parties, impromptu dinings, champagne suppers and the like follow one another in rapid succession. The particular treat of the past week was the delightful card party given by Mrs. Philip McElhone and Miss Blanche Sloussat, of Washington, D. C. The friends of the Grand Hotel were tastefully decorated with wild flowers and ferns. After ten exciting games of euchre were played the prizes were presented to the successful players. The first was won by Miss Marie Nisbet, of Savannah, a handsome pocketbook; the second, a box of conserves, by Mrs. Hall Jackson, of Cincinnati, while Mr. Elgin Graves, of Richmond, carried off a stein, and Dr. Wm. A. Jones, also of Richmond, was awarded a silver-mounted pipe.

All during the evening punch and bon-bons were served. After a very elaborate supper the crowd enjoyed a charming dance in the ball room until the "wee sma' hours."

On Saturday evening Mr. and Mrs. W. H. Burke, of Staunton, Va., entertained at a champagne supper in honor of Mr. Wm. G. McCormick, of Chicago. Monday morning Miss Clara Hanline, of Philadelphia, entertained most charmingly at a seven-handed euchre party on the piazza of the Central Hotel. Each of her guests were presented with a dainty box of violet bon-bons. Miss Courtney, of Richmond, made the best score, and received a lovely copy of the "Voice of the People." Miss Waddill, of Richmond, scored next, and received a silver novelty, while Miss Bowe, of Richmond, was consoled with a box of candy. After the game a luncheon was served.

One of the most enjoyable afternoon affairs of the season was a fruit party, given by Mr. and Mrs. John Armstrong, of Louisville. Mrs. Armstrong is one of the most attractive of the married set now here, and Mr. Armstrong has won for himself a host of friends by his genial manner.

The German which was given Tuesday evening by the men who are now spending their leisure hours at the Alum was a great success. During the evening punch was served, and also a delightful supper. The chaperones were Mrs. A. M. Cook, of Norfolk; Mrs. Orlando Hinton, of Petersburg; Mrs. W. H. Burke, of Staunton; Mrs. Cecil Graham, of Tazewell; Mrs. E. D. Hotchkiss, and Mrs. John Armstrong.

On Wednesday evening Mrs. Cecil Graham, of Tazewell, Va., entertained a few friends with a seven-handed euchre, in honor of Mrs. Edmund Waddill, of Richmond, Va. Her guests included Mrs. Elliott, Miss Waddill, Mrs. Hall Jackson, Mrs. A. Jackson, Mrs. Dawson and Mrs. John Armstrong. Mrs. Armstrong was the successful player, and was awarded a silver novelty.

On Thursday morning a progressive euchre party was enjoyed by about thirty of the guests in the Central Hotel. The prize-winners were Mrs. Edmund Waddill, who won a cut-glass flask; Miss Nannie Waddill, a silver shoe-horn; while Mrs. McElhone was consoled with a pair of embroidery scissors.

The 2d of August ushered in Master Thornton Kearfatt's seventh anniversary, and his mother invited about twenty children to his birthday party, which was given in a bowling alley. During the bubble and bowling contests merry peals of laughter filled the air, and when Miss Nelehen Armstrong, Claudia Mayer, Master Kennedy McCormick and Master Eugene Mayer were called upon and presented with large boxes of candy as having been the most successful of the contestants for the prizes, their beaming faces presented a real picture.

The luncheon table was daintily decorated with daisies and ferns, but the feature of the occasion was a delicious chocolate cake, with six burning candles on it; each and every child enjoyed a portion of it at the hands of their graceful little host, Master Kearfatt. He was the recipient of many gifts from his playmates.

Among the recent arrivals are to be found Miss Kate Hunter Bell, of Norfolk; Mrs. Thornton Mayre, of Newport News; Mr. Graham, of New York; Mrs. J. H. H. Miss Plank, Miss Fredman and Miss Hoffman, of Norfolk; Mr. J. L. Bilsoly, Mrs. J. L. Bilsoly, Miss Lorena Bilsoly and Miss Adele V. Bilsoly, of Portsmouth.

AT OCEAN VIEW.

A PROSPEROUS SEASON—THE BIG TURTLE ATTRACTS MUCH ATTENTION.

Ocean View, Aug. 4.—This is the liveliest season that Ocean View has ever seen, and the patronage at the Ocean View Hotel continues unprecedented. One notable feature is the length of stay of the guests. This is much longer than heretofore, and there is more disposition to spend the Summer at this popular resort than ever before.

There are a large number of guests at the hotel who came from a distance, many from other States, and Chief Clerk McDowell has been obliged in a number of cases to write parties to delay their visit a little on account of the lack of rooms.

THE BIG TURTLE.

The big turtle that was captured at Ocean View by fishermen is now on exhibition at the View in a large tank. It is over five feet across either way, and weighs over 1,100 pounds. It is an object of great interest to all visitors to Ocean View.

THE TWO THEATRES.

Ocean View is probably the only Summer resort south of Atlantic City that maintains two Summer resort theatres. Each of these presents high-class vaudeville, and the respective managers vie with each other in securing attractions of the most popular character.

The bathing is excellent, and Mr. McDowell says the hotel bath house business this season will break all former records.

Cottage life is one of the pleasant features at the View, and ere many years the line of Summer homes will stretch for miles along the coast down to Willoughby Spit and around on Willoughby Bay.

MR. STOKES' SUMMER HOME.

At the head of Willoughby Bay is now rising the handsome Summer home of Mr. Sylvanus Stokes, proprietor of the Monticello Hotel. Mr. Stokes has planned to create there one of the finest country homes in this section. His tract of several acres of

land will be highly improved and made beautiful by landscape gardening. It is understood that Mr. Stokes will maintain there a small dairy herd, and that he will raise choice fruits and vegetables. These dairy and garden products will be used to supply, in part, the Monticello tables.

A MOTHER'S GIFT—(A BIBLE.)

The following beautiful poem is republished by request:

Remember, love, who gave thee this, When other days shall come; When she who had thy earliest kiss Sleeps in her narrow home. Remember, 'twas a mother gave The gift to one she'd die to save.

That mother sought a pledge of love, The holiest, for her son; And from the gifts of God above She chose a goodly one. She chose for her beloved boy The source of light, and love and joy—

And bade him keep the gift; that when The parting hour should come, They might have hope to meet again In an eternal home. She said, his faith in that should be Sweet incense to her memory.

And should the scoffer, in his pride, Laugh that fond faith to scorn, And bid him cast the pledge aside That he from youth had borne— She bade him pause and ask his breast If he, or she, had loved him best.

A parent's blessing on her son Goes with this body thing; The love that would retain the one Must to the other cling. Remember, 'tis no common toy— A MOTHER'S GIFT! Remember, boy.
